September 2020

Dear West Noble Families,

Indiana school districts received excellent news last week. With temporary changes to the Federal Lunch Program, all enrolled West Noble School Corporation students will receive one free breakfast and one free lunch each school day beginning Wednesday, September 16 through December 18, 2020 or until the program is discontinued.

All reimbursable meals from September 1, 2020 will be refunded to the student's account. Meals are considered reimbursable if the student's choice met the guidelines of choosing three of the five food groups, with one being a fruit or vegetable.

Students who are participating in virtual learning will also be eligible for this program. We request these families to opt in on using this program. We will be sending out a letter with information on how to request meals and pick up meals day and time.

If you have specific questions about this program, please contact the food service department at 260-894-3191 ext. 5035.

Families that qualify for free and reduced lunch should still complete the free and reduced application in order to receive textbook assistance. This form is found on our website, or at your student's school office.
